More detailed information on student accounts and payment options is available at <http://sfs.usc.edu>.

Your Monthly Statement

You may view your student account at any time by visiting sfs.usc.edu and logging in to USCe.pay.

Each month, your billing statement is posted online if you have an outstanding balance or have activity on your student account during the month. Notifications are sent to your official USC email address and guest users.

If you pre-register for fall classes, your tuition and fees will be included on your July billing statement. Housing, meal plan and parking charges are added to your student account as they are incurred.

University grants and scholarships are generally credited to your student account when tuition and fees are assessed, but federal aid cannot be credited until 10 days prior to the start of the term. Please contact Financial Aid at www.usc.edu/admission/fa if you have questions about your scholarships or loans.

Student health insurance is mandatory unless waived. For more information, visit www.usc.edu/uphc. If you are not eligible to waive the student health insurance fee, add it to your estimated budget.

Requesting a Refund

If you have a credit balance on your student account, you may be eligible for a refund. To receive a refund, you must log in to USCe.pay and sign up for eRefund Direct Deposit.

If your bill was paid with cash, check, web check or financial aid and you are eligible for a refund, it will be deposited directly into the student's bank account (regardless of who paid) in 2-3 business days.

Exceptions

• Credit/Debit Card Refunds

If you settled any portion of your student account with a credit/debit card, the card must be refunded first before the remaining balance can be processed through direct deposit. Submit a credit/debit card refund request at sfs.usc.edu/refunds to begin the process. Credit/debit card refunds typically require 7-10 business days for processing.

• Wire Transfer

If your student account has been overpaid by a wire transfer, the university will return the entire amount of the wire transfer to the originating bank or you may leave the excess funds in your account to be used for future charges. Partial refunds are not allowed.

• Federal Direct Parent PLUS Loan Refunds

Parent PLUS loan refunds are automatically sent to the person designated in the loan application (typically the parent borrower) in 5-7 business days.

• Payment Plan Refunds

Please see page 7 regarding payment plan refunds.
