FIRE:

- Sound the alarm and yell “Fire!”
- CALL DPS: **UPC (213) 740-4321**, HSC **(323) 442-1000**
- Evacuate the building immediately, using the nearest safe stairwell, not the elevator. Meet at your outdoor assembly area. (Ask resident advisor for the location)

EARTHQUAKE:

- **Drop:** Avoid falling objects and tall furnishings or windows and drop to the floor.
- **Cover:** Get under a sturdy table, and cover the back of your head and neck with your arms.
- **Hold On:** To the table in case it moves. If outside, move away from structures, power poles, or other hazards. Stay in an open area.

ACTIVE SHOOTER/ASSAILANT EMERGENCY:

IF IN THE VICINITY OF IMMEDIATE DANGER:

- **Run:** Avoid falling objects and tall furnishings or windows and drop to the floor.
- **Hide:** (Also known as shelter in place) if escape is not an option.
- **Fight:** If cornered, band together to attack and immobilize the shooter using physical aggression and improvised weapons.

IF NOT IN THE VICINITY OF DANGER:

- Stop, Listen, and Observe where the danger or risk is coming from.
- Watch for trojansAlert messages.
- Shelter in place.
